

Resolution Notice February 27, 2023

Article X (ten) of the By-Laws of the Krooked Kreek Water Association established the water rates of \$13.00 per meter for the first 1000 gallons of usage and \$3.50 for every 1000 gallons afterwards. That rate has been in place since at least 1998. Through the efficient planning and operation of the water system for the past 25 years, these rates have been sufficient to maintain adequate water service for its members. However, with the system aging, growing, and subject to inflationary and regulatory pressures, the Board of Krooked Kreek Water Association has agreed to put forth an amendment to increase the water rates to keep up with the growing costs of doing business and rising cost of investments into the system.

This measure has been studied for the past year and is not being presented to the members without careful consideration.

Pursuant to Article XI (eleven) of the By-Laws, the Krooked Kreek Water Board, which is made up of volunteers that are also members of the water system, is presenting the following amendment for ratification by a majority of members present at the annual business meeting to be held March 12 at 2:00 pm at the Krooked Kreek Water Association office. If passed, the new rates will go into effect on April 1, 2023.

Resolution: Article X

Rate Schedule

Section 1: The following rate schedule shall apply to water usage affective April 1, 2023, and continuing until such time as a change is made by a Resolution of the Krooked Kreek Water Association.

First 1,000 Gallons (Minimum)	\$14.00 (Minimum)
All over 1,000 Gallons	\$ 4.50 per 1,000
